

The Agentic Stack

Architecting the Next Generation of
AI-Assisted Development

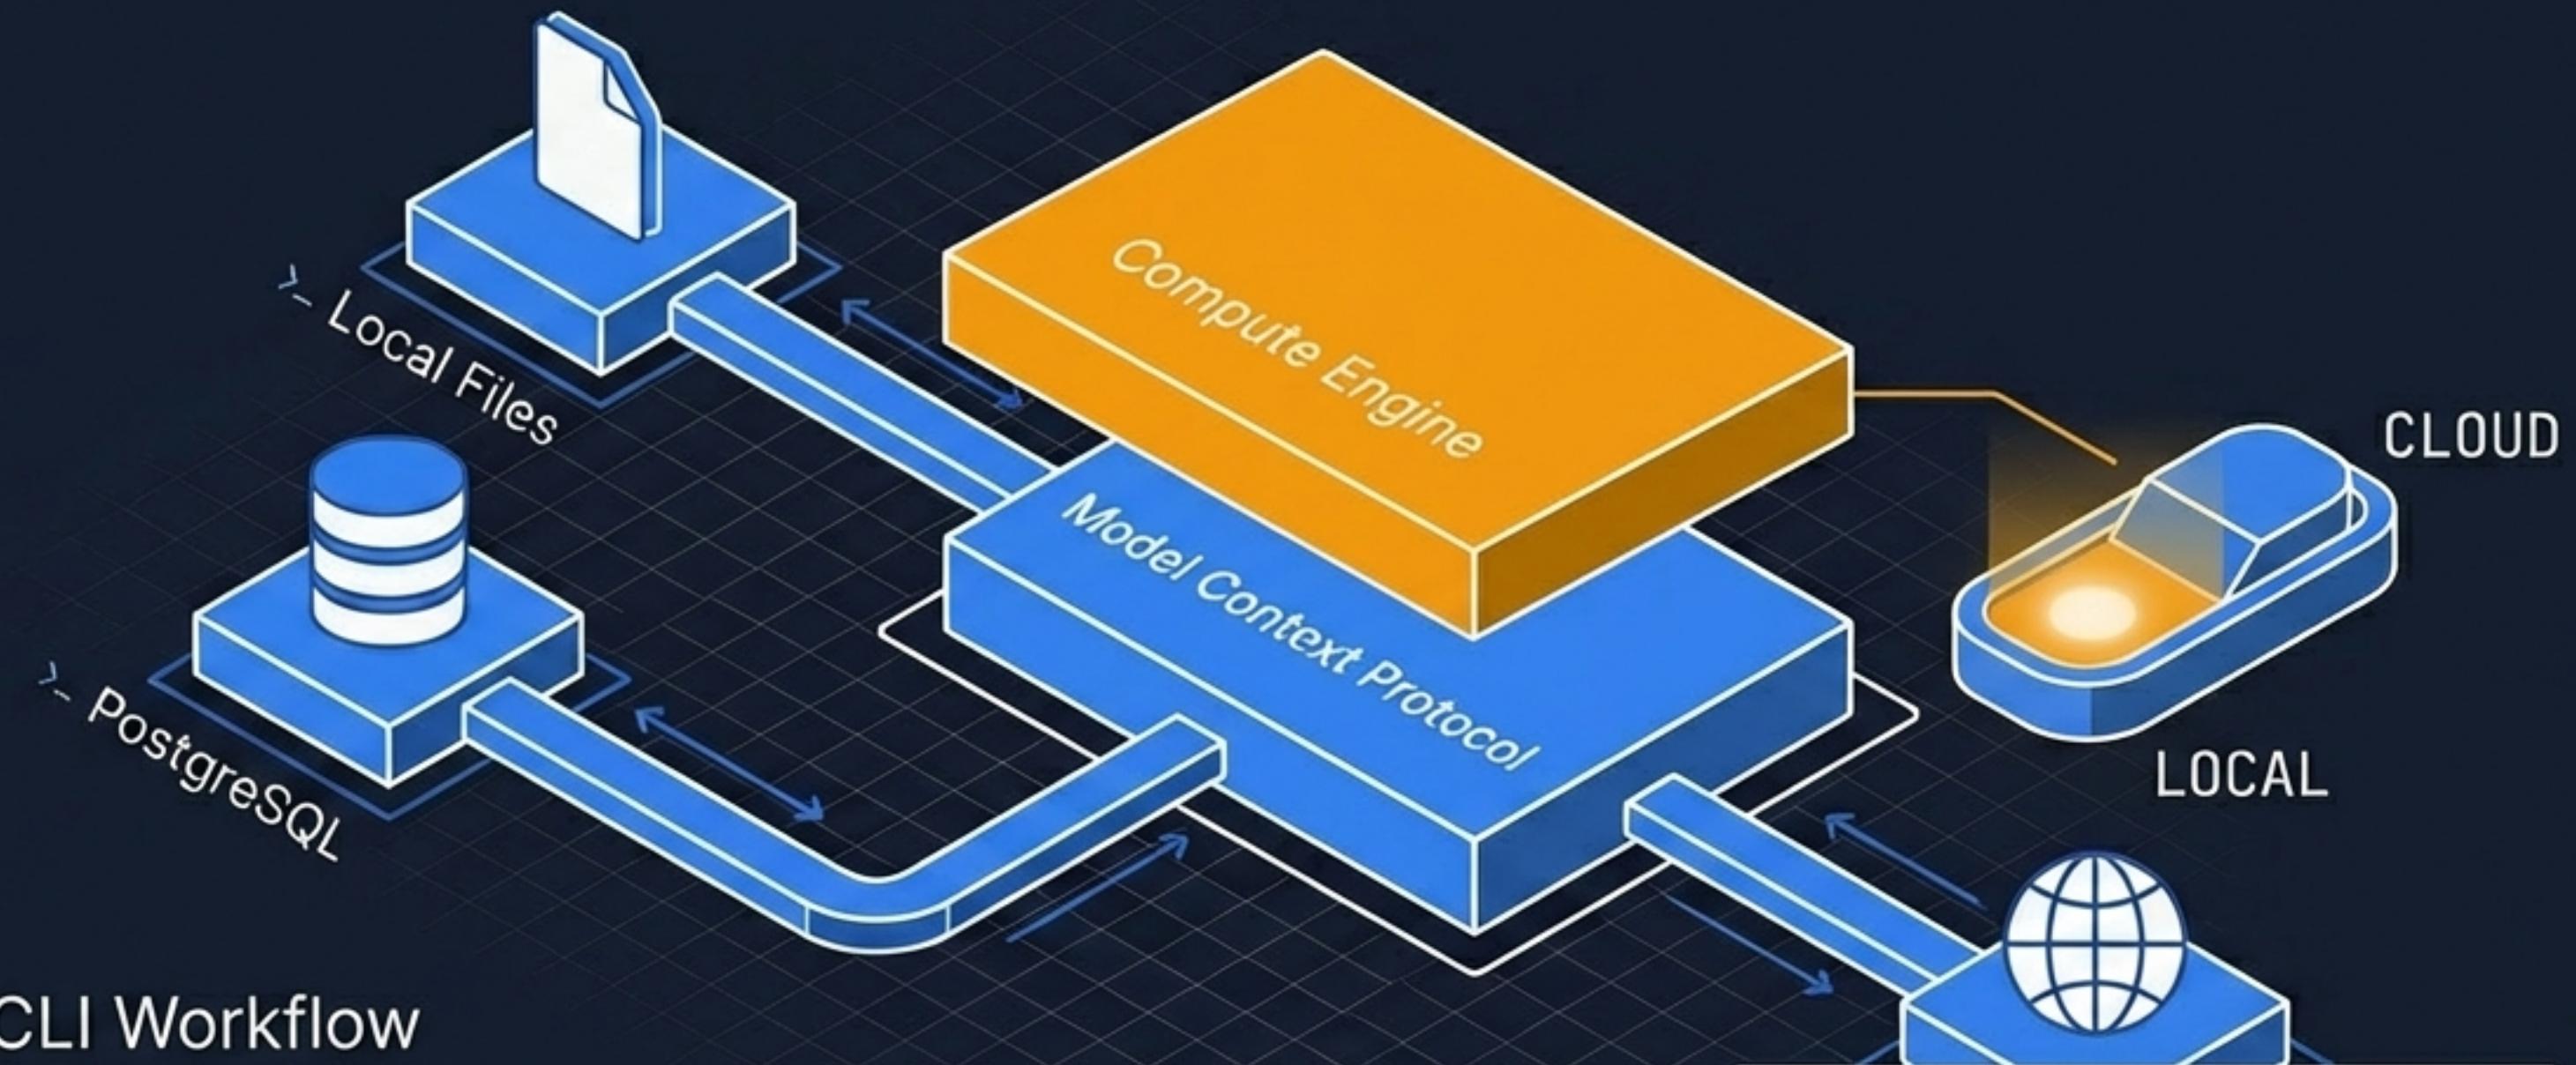

v2.0 // SYSTEM_BLUEPRINT

The Universal Connector: MCP

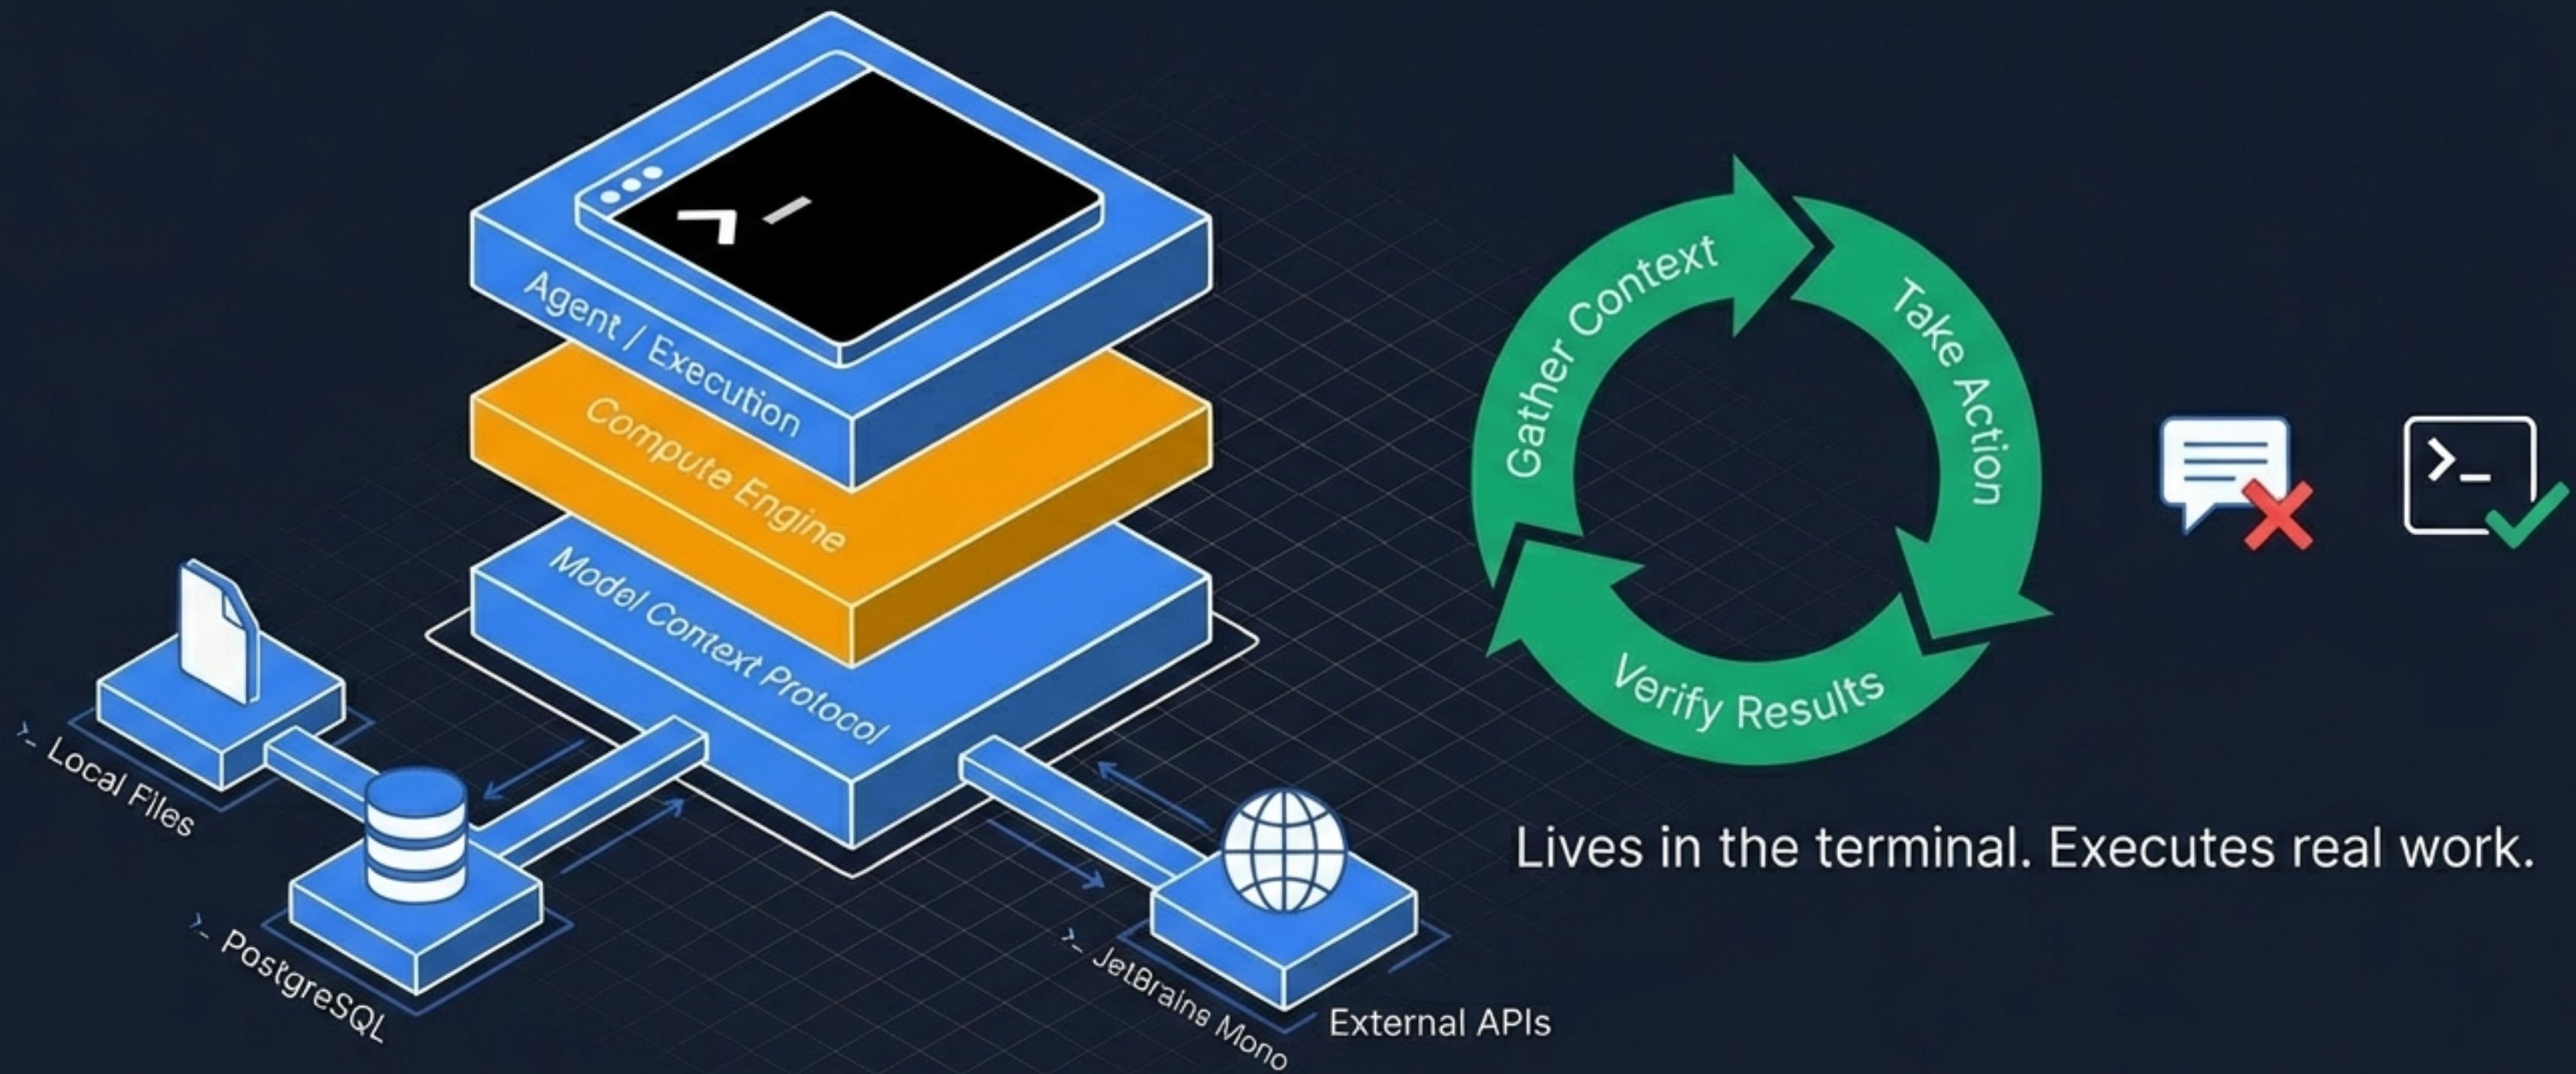

Sovereign Compute with Ollama

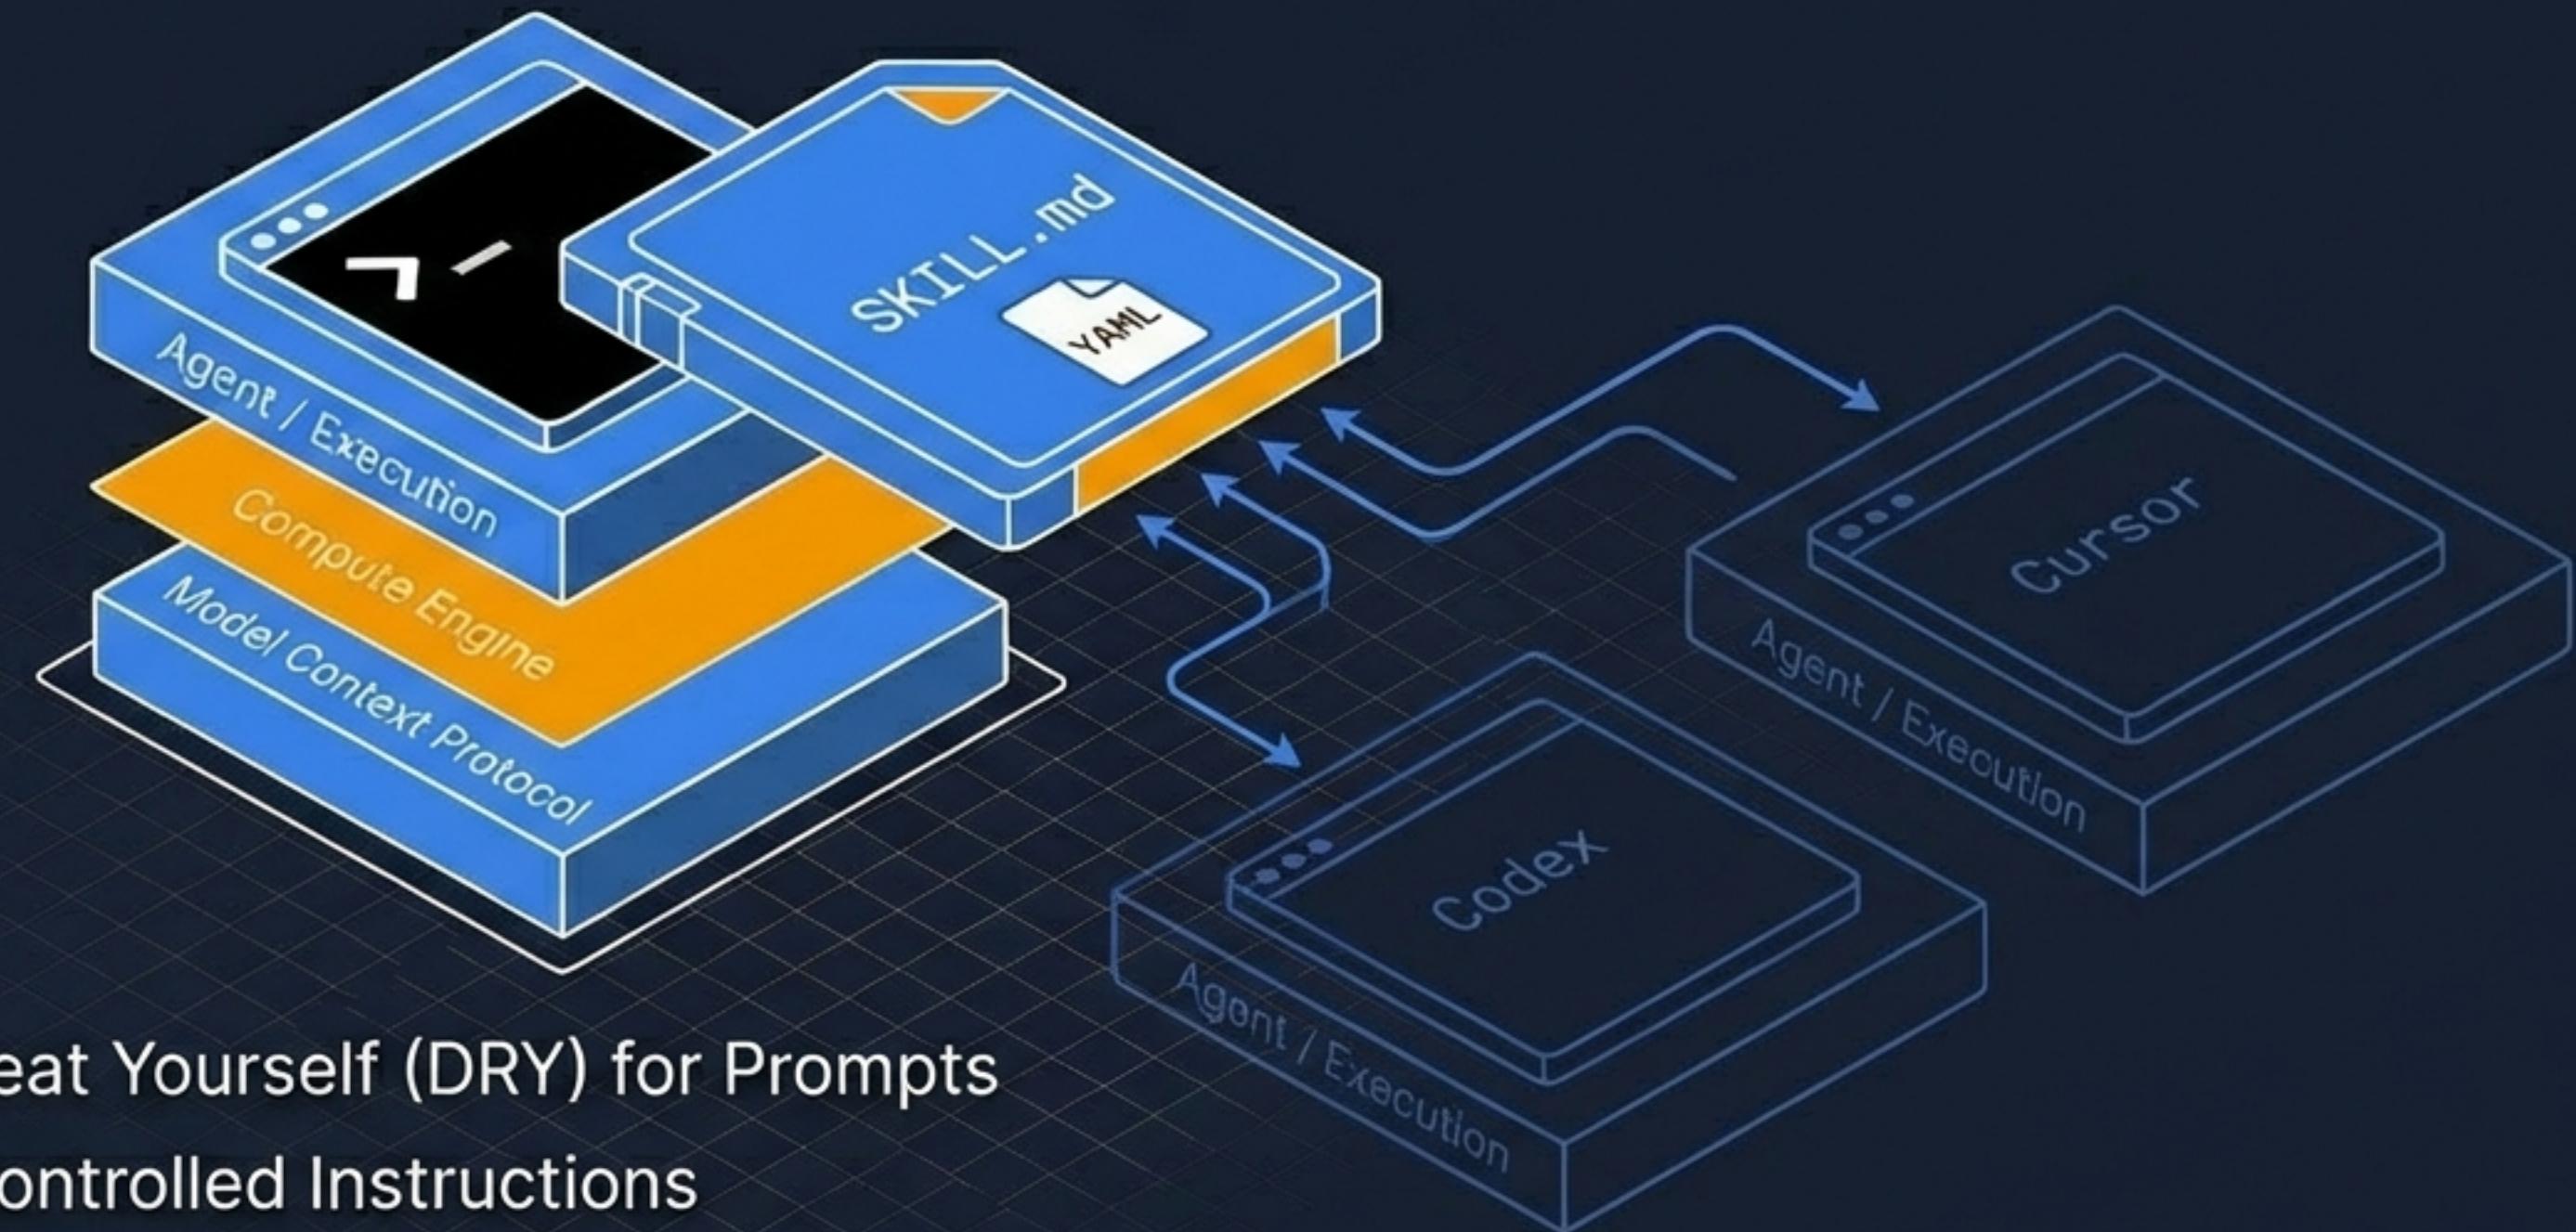

- Unified CLI Workflow
- Local: Privacy & Zero Latency
- Cloud: Seamless Offloading

From Chatbot to Co-Pilot: Claude Code

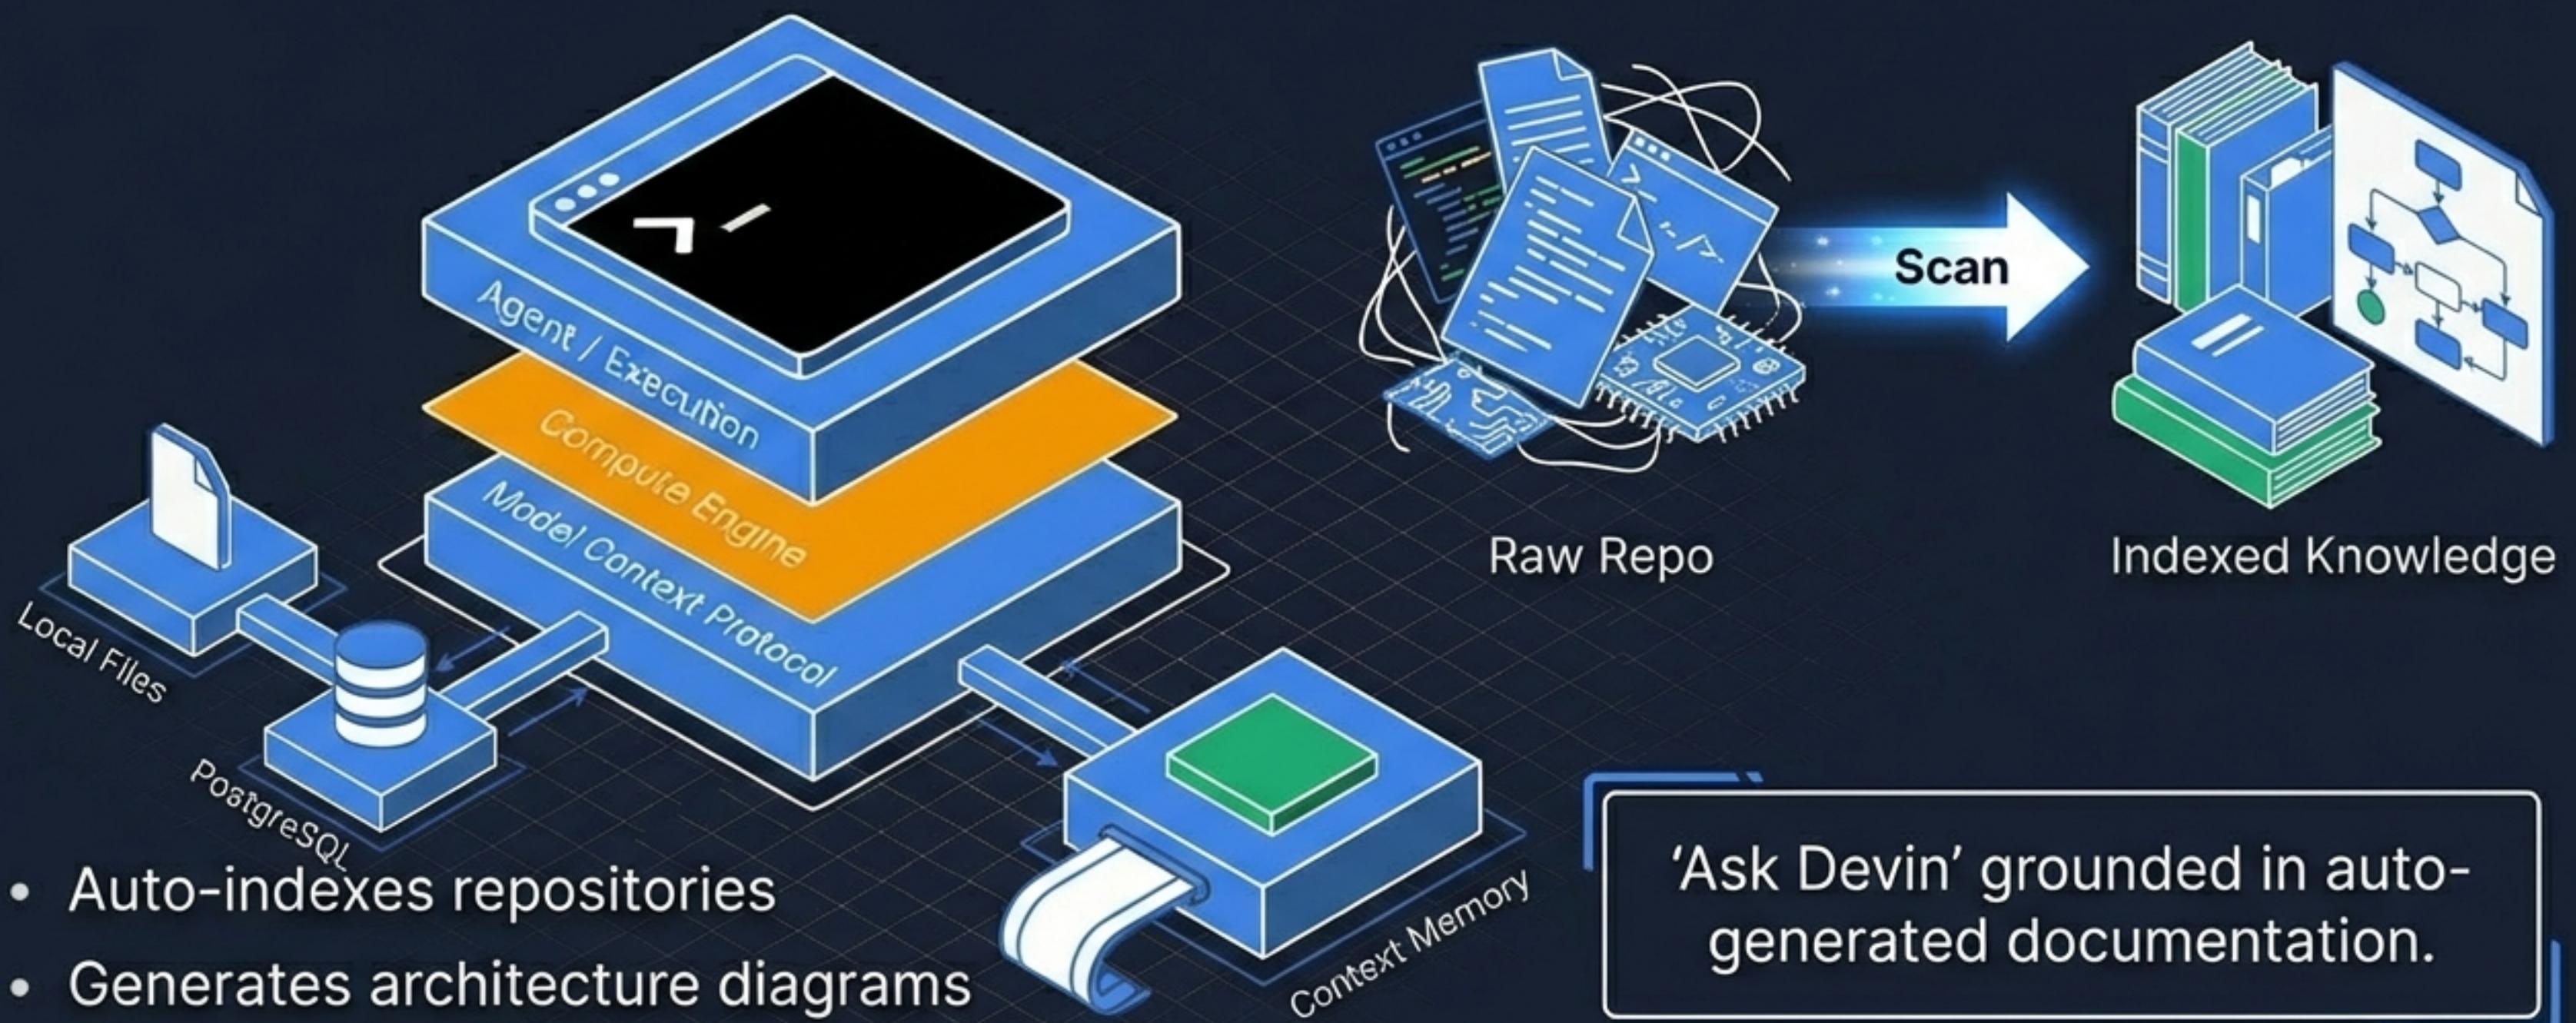

Portable Procedural Knowledge

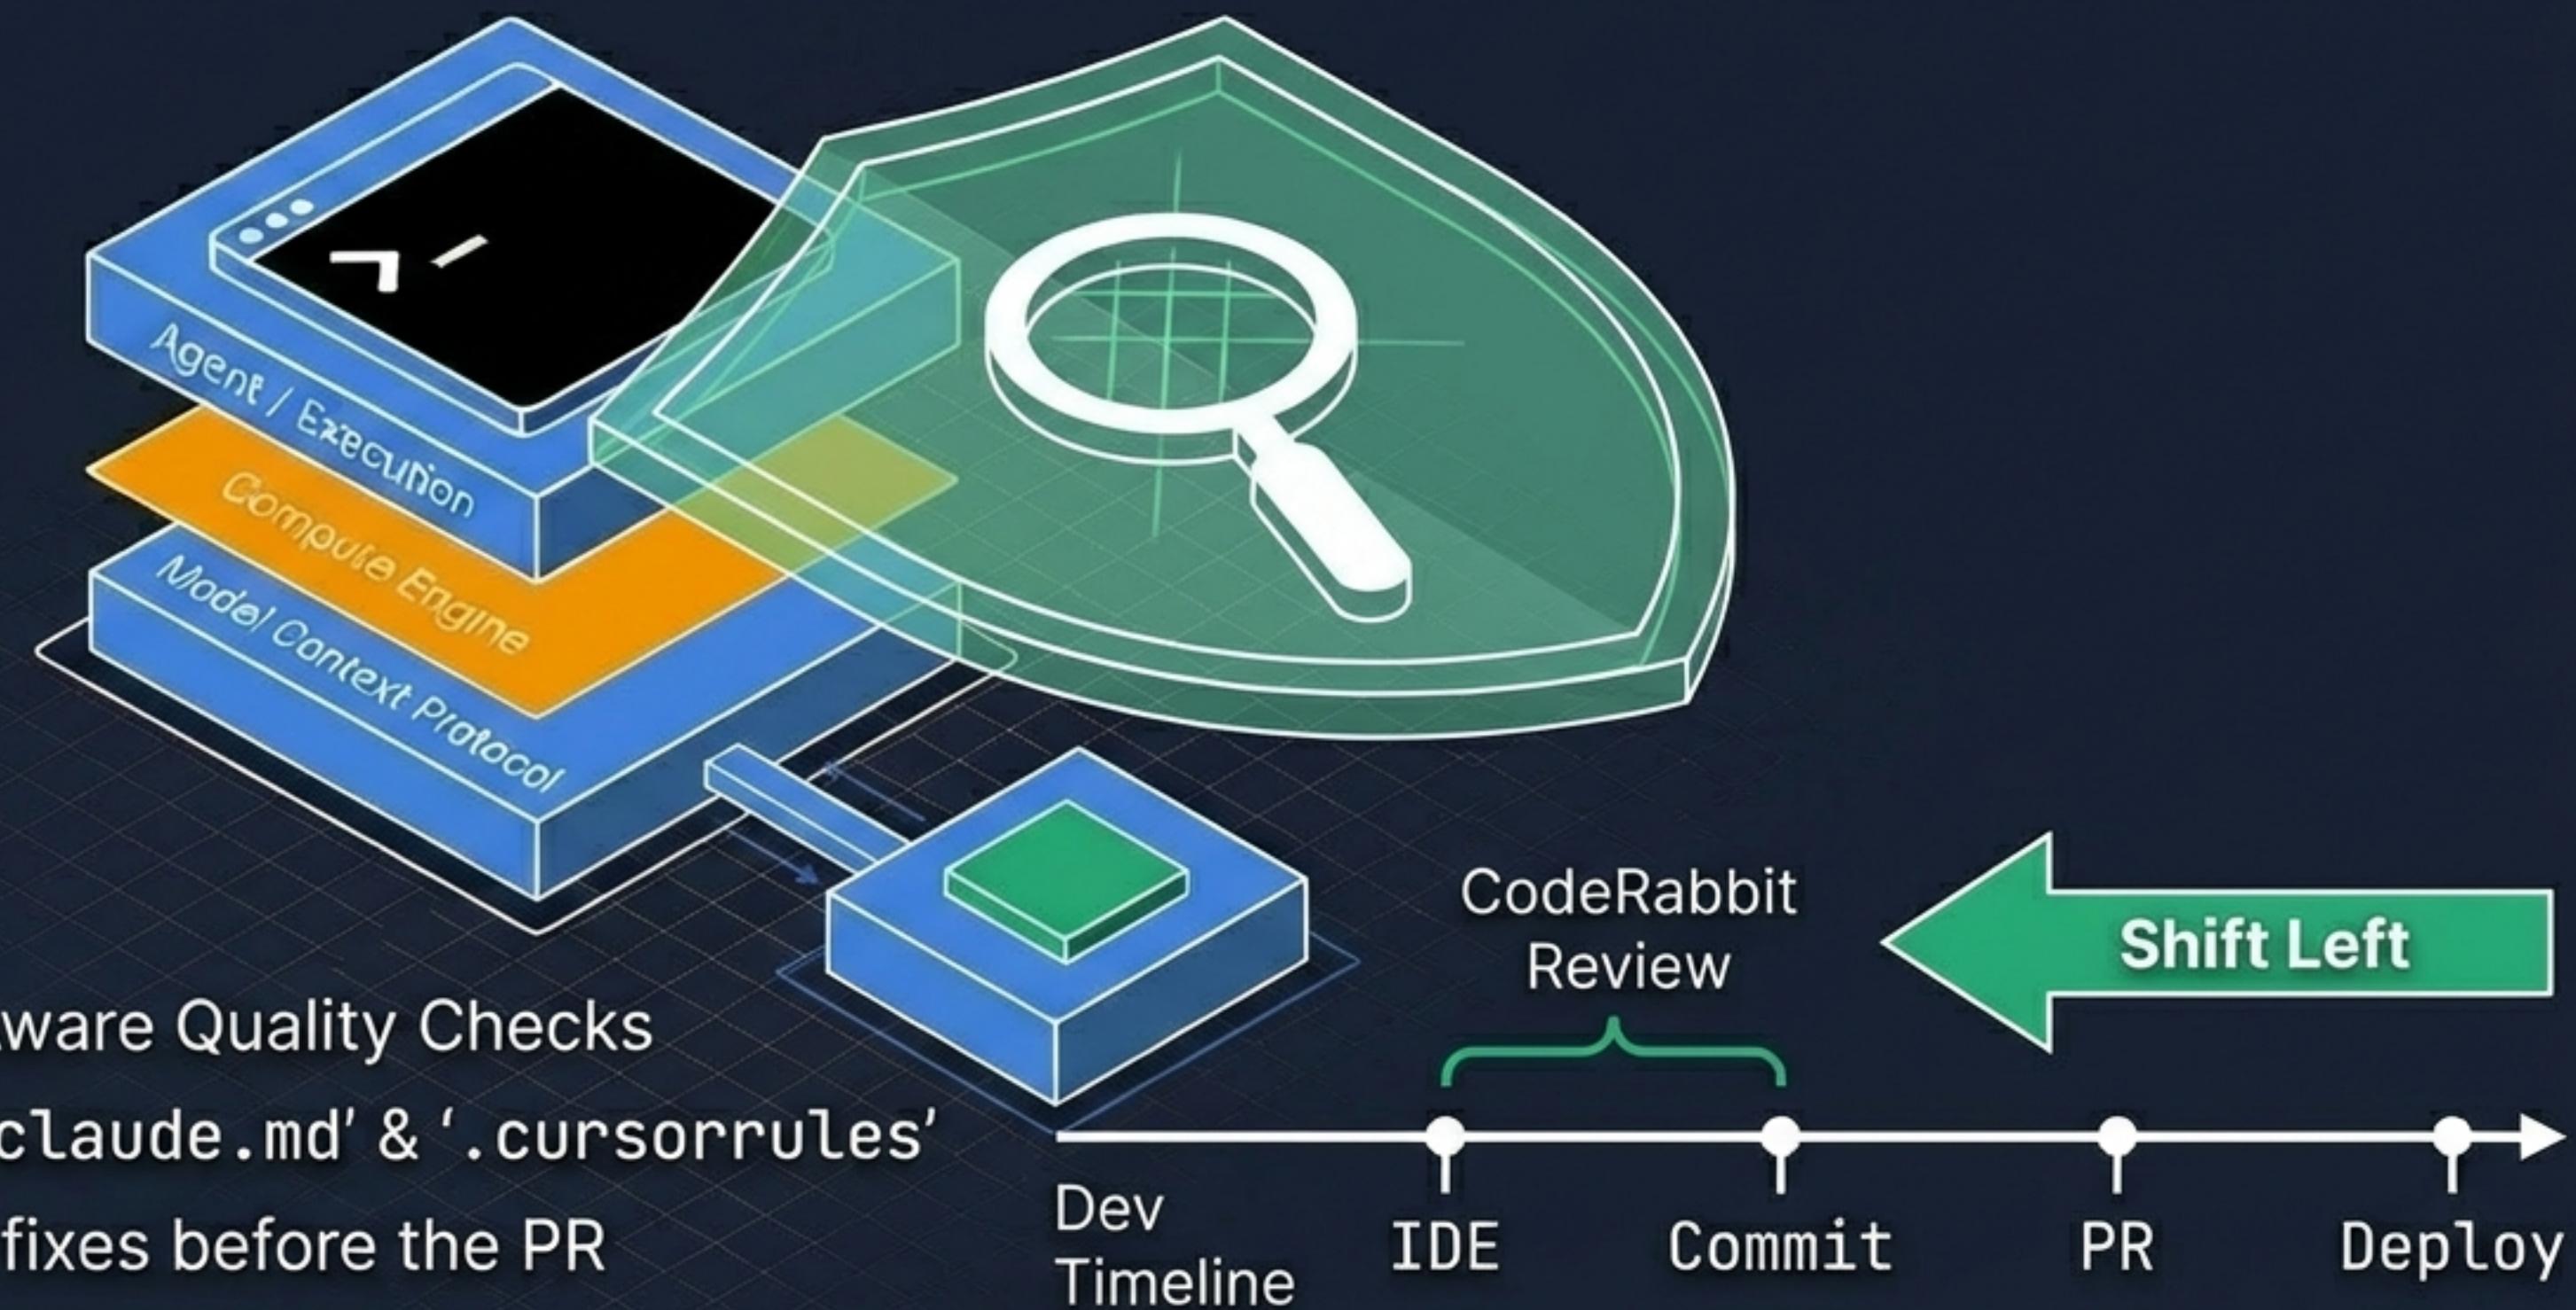

- Don't Repeat Yourself (DRY) for Prompts
- Version-Controlled Instructions
- Installable via 'npx skills'

Instant Legacy Understanding: DeepWiki

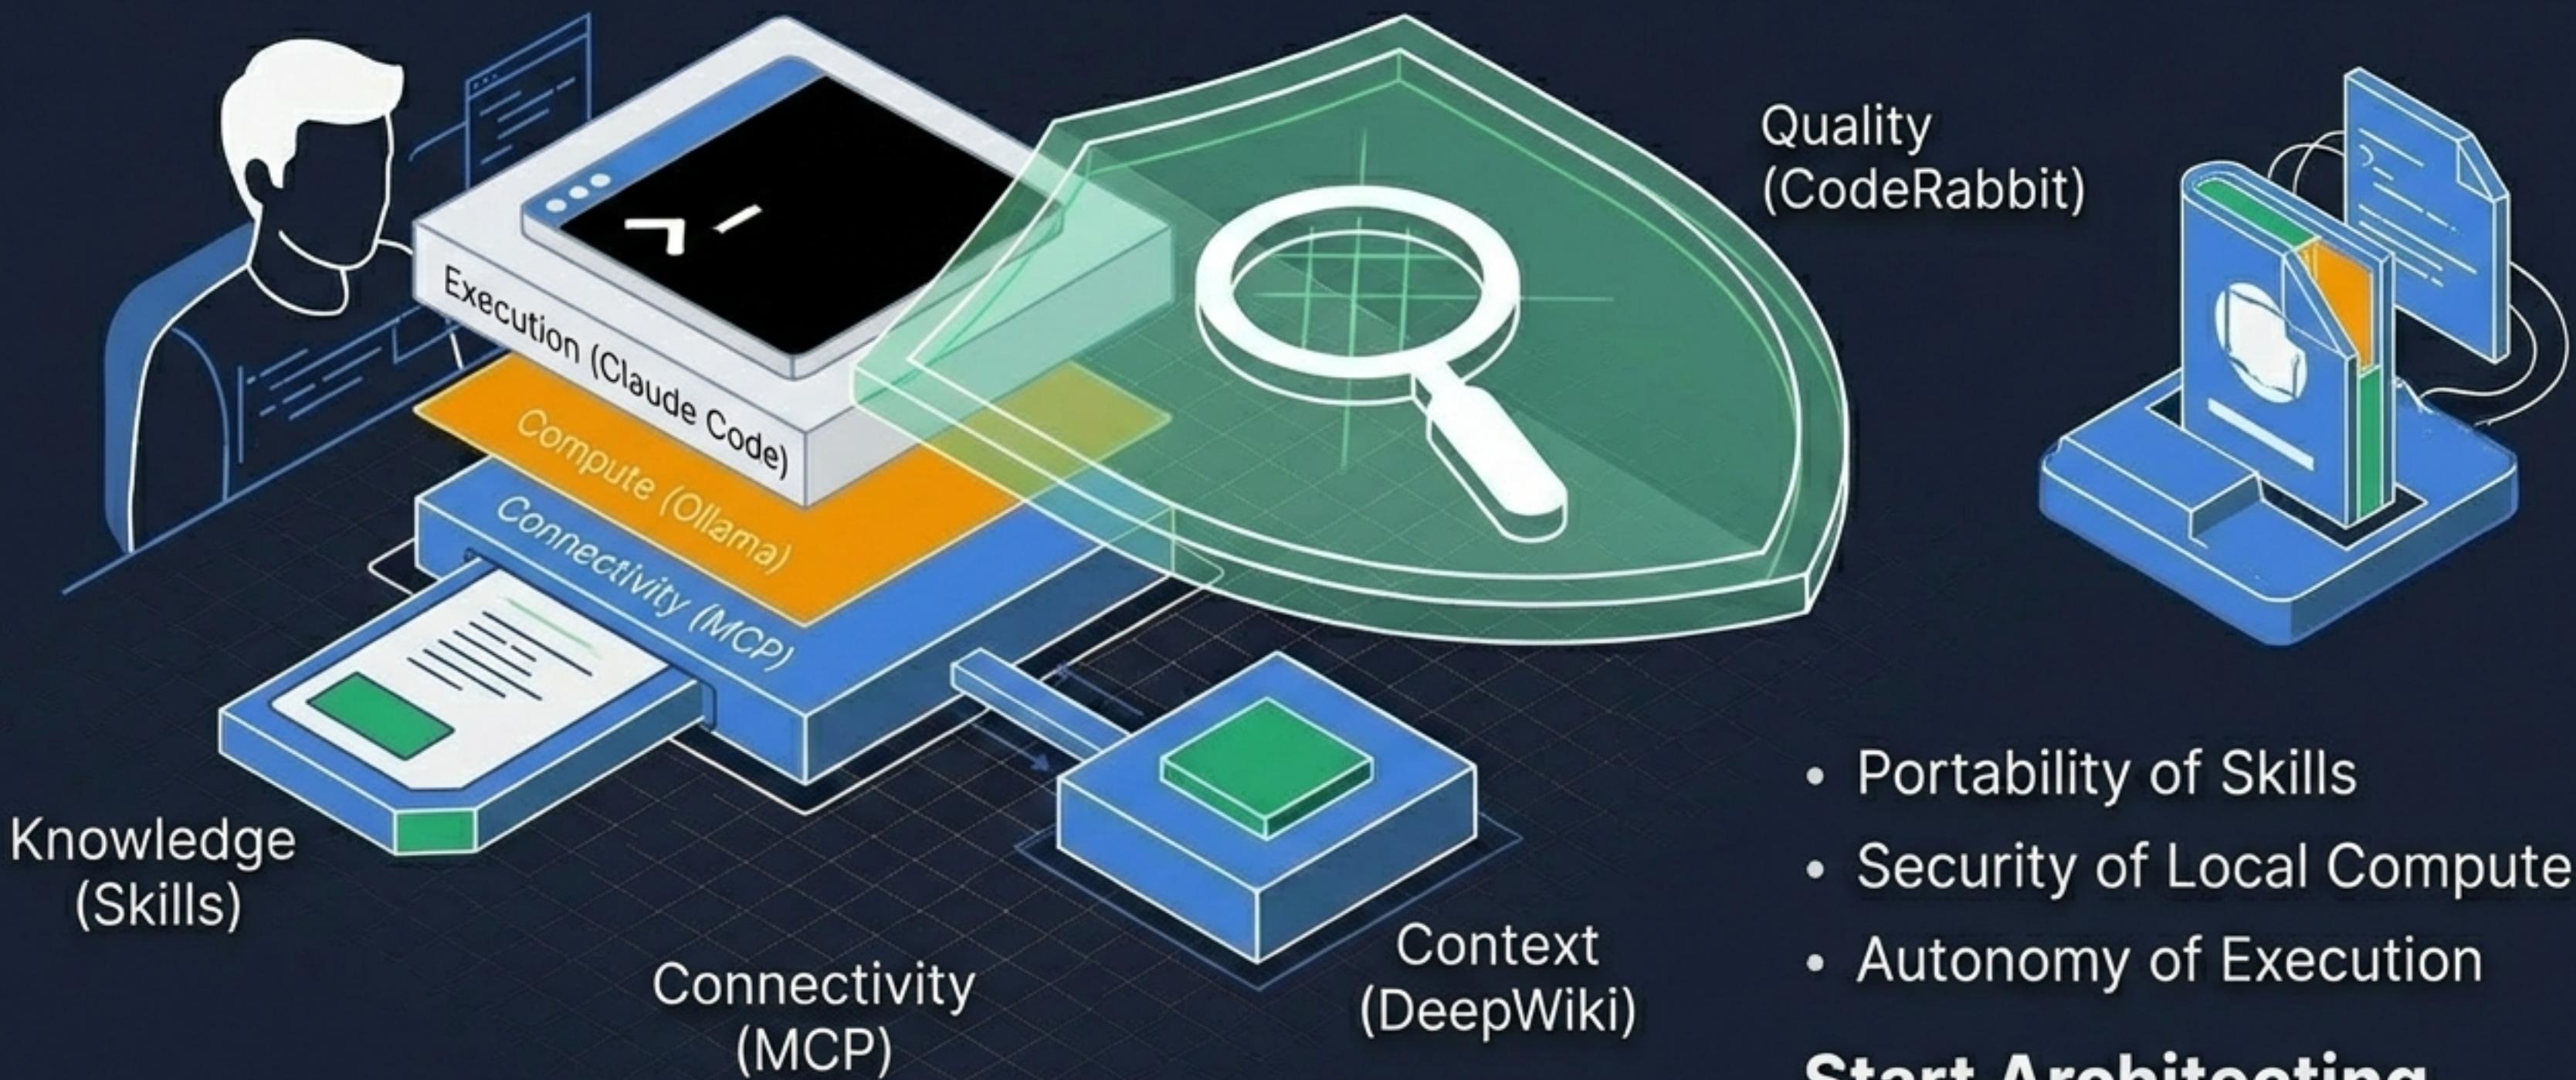

'Ask Devin' grounded in auto-generated documentation.

Shifting Review Left: CodeRabbit

The New Standard for AI Development

- Portability of Skills
- Security of Local Compute
- Autonomy of Execution

Start Architecting.
